Submits a list shewing the officials of the Health, Registration and Hospital Establishments of the Bangalore City Municipality who have been permitted to insure their lives

Submitted for orders

#611 G.O. of 3rd Aug 1904

There seems to be apparently some mistake about the officials employed in the Bangalore City Municipality having been permitted to insure their lives in the belief that they were permanent officials attached to the Board.

The order ~~refd~~ relied upon by the Comptroller, No Pg 1291-3 dated 19th April 1900 referred to the reduction of Plague Establishments in the city & restricted a portion of the said Establishment being treated as permanent ~~Establishments~~

to avoid frequent changes so far as Plague was concerned as is evident from the fact that within 2 years the Establishment had to be revised twice. It was never intended that the Health & Registration Establishments or those attached to the Epidemic Disease Hospital should always be maintained on such a large scale & in fact, ~~[illegible]~~ 14 Sole Registrars & 7 ⊗ midwives ~~[illegible]~~ in connection with the registration of births & deaths in addition to the Registrars will hardly find work when plague subsides in the city. It however is now too late to revoke the arrangement under which the Officials were allowed to assume their lives, the only alternative left ~~[illegible]~~ seems to be that future appointments to these places should

(or that they shd be eligible for pension or insurance;

⊗ as shewn in the printed order.

the Govt in Sanctioning the City Municipal Budget for 1900-01 declared in para 10 of order No 4024-30 × 27 50-99 dated 14th September 1900 that this Govt is permanent and as

not be considered permanent except in the marginally noted cases & that the 3 vacancies among the Sub Registrars should be filled up if necessary, only as a temporary measure. If this proposal meets with approval, the President and the Comptroller may be informed accordingly.

As regards the City of Mysore there is no permanent Health Officer, but as the services of the two clerks & 7 Sub Registrars & the menial staff of 7 Peons always are required for the registration of Births & Deaths, their appointments may be declared as permanent, & eligible for increments.

It may be noted that the Erandgûl Plague Hospital is not a permanent institution.

Govt observe that the Establishments referred to by the Comptr were ordered in Govt Profs No Pg 919-22 dated 29th January 1907 as permanent only so far as

as Plague was concerned and that, therefore all these men cannot be regarded as ~~persons~~ permanent employés ~~is the permanent em-~~ ~~ployment~~ either of the Govt or of the Municipality and allowed to insure their lives under the State Insurance Rules. ~~Further~~ The Erangere Plague Hospital cannot be said to be a permanent institution and the Establishment of Sub Registrars is only maintained in lieu of Plague Supervisors for the purpose of receiving reports etc under the Epidemic Diseases Regulations.
